## SHERIFF ENJOINED FROM SELLING MINING PROPERTY

The sale of assets of the Nevada National Mining company located in the Millet mining district advertised for Monday, September 10th, has been stopped by an injunction from the U. S. district court issued on an application to adjudge the company a bankrupt and wind up its affairs.

And as long as he is going there anyway, why not ask Mr. N. Romanoff to sweep out a nice little Siberian igloo for his old pal, Bill of Berlin?—Macon Telegraph.

## MINE OPERATORS ASK FOR EXTENSION TIME

The Mine Operators' association has asked for more time in which to reply to the request of the working miners of this district for an advance in wages based on the price of silver. The delay is due to the necessity that the managers have to consult with the directors of their respective companies before any agreement can be reached. Then there is the position of the prospect companies which have ground in process of development without any production to their credit. Most of these companies are organized on the assessable plan and their directors do not care to tax their shareholders with additional assessments if this can be avoided. The attitude of the mine operators is expressed by the following letter sent to the miners' committee yesterday:

Tonopah, Nev., Sept. 5, 1917.  
Mr. R. H. Thomas, Mr. Joseph Gori,

## BIG BARBECUE FOR NEXT SUNDAY

## OUTDOOR BANQUET IN FISH LAKE VALLEY IS A DRAWING CARD

Goldfield lodge of Elks announces that all arrangements have been completed for the big barbecue under the auspices of that lodge for which invitations were extended by Mr. Dave Patterson, owner of the Patterson ranch in Fish Lake valley. Owing to a misunderstanding, it was stated last week that the event would extend over two days and that it would be necessary for guests to bring their bedding. There will be no necessity for making any provision for remaining over night as the festivities cover the period of one day only during which the program will guarantee fast and furious fun. The date for the barbecue is Sunday, September 9th. Those who leave here so as to arrive at the ranch early in the morning will find plenty of coffee and doughnuts but it is suggested that, since the ride will stimulate a keen appetite, that the morning visitors carry a few sandwiches. The barbecue will include roasting ears, pork, mutton and beef prepared by masters of the art of outdoor cooking. The guests are advised to take knives and forks for the attendance promises to be so large that it is unreasonable to expect any host to take care of the details of feeding such a multitude. The Goldfield committee have not completed arrangements for the journey but it is possible that the southern contingent may come through Tonopah so that they may be joined by the local guests and travel through to their destination in a body.

## MINE OPERATORS SEND THEIR CHECK

The committee in charge of the kiddies' swimming pool acknowledges receipt of a check for \$550 from the Tonopah Mine Operators' association in payment of their subscription to this noble cause. Other subscriptions were those of Lucile and Marion Dooley, Mike Odell and the Murphy twins, Earl and Beal, of one dollar each.

Those who have been away from Tonopah during the summer and therefore were not asked to subscribe are urged to come forward as every dollar counts and no amount will be rejected. The completeness of the baths will depend on the amount of money raised so every penny will be utilized.

## GOVERNOR BOYLE FAVORS TAXPAYERS' ASSOCIATION

In conversation this morning Gov. Emmet Boyle said he was in favor of the formation of a state taxpayers association to take charge of all tax matters and economics affecting Nevada.

## NOT MUCH OF A RAIN

The weather man insists there was rain last evening and reports the precipitation was four one hundredths of an inch. This is satisfactory.

## TOLICHA

the rich gold strike surrounded by a rich looking country, unprospected. Stage office: Goldfield Hotel or Brown Parker Garage. Goldfield, Nevada.

Mr. Charles J. Blake, Mr. Stuart Macdonald, committee.

Dear Sirs:  
In our letter to you of August 30th, we advised that the operators would answer your wage petition as soon as possible and that it was hoped to make answer not later than September 5th.

Conferences of the operators have been held, but it is found that on account of the varied interests and varied conditions of operations, and further because it is impossible to get the opinions of the directors of the various companies, whose opinions are necessary before decision can be reached, it is impossible to make reply on this date.

We will transmit the decision of the operators as soon as possible.

Very truly yours,  
TONOPAH MINE OPERATORS' ASSOCIATION,  
By T. A. FRAZIER,  
Secretary Treasurer.

## ENROLLMENT OF TONOPAH SCHOOLS

## NUMBER OF PUPILS ABOUT THE SAME AS LAST YEAR

The total enrollment for the first week of school is approximately the same as that of the corresponding time last year and, as new pupils are enrolling daily, the enrollment for the year will undoubtedly reach the total of last year, which was the largest by far in the history of the school and the second in the state. As soon as the necessary changes can be made in the furniture the inequality of enrollment of two or three rooms will be more nearly equalized. The enrollment by rooms is as follows:

Miss Garvin, kindergarten, 32.  
Miss Washburn, low first, 37.  
Miss Egan, low and high first, 37.  
Mrs. Schmidt, high first and low second, 37.  
Miss Sullivan, low second, 35.  
Miss Bowler, high second, 27.  
Miss Gower, low third, 36.  
Substitute, high third, 35.  
Miss Malley, low third and fourth, 34.  
Miss Slavin, fourth, 34.  
Miss Bennett, fifth, 41.  
Miss Smith, fifth and sixth, 25.  
Miss Lacque, sixth, 29.  
Seventh grade, 39.  
Eighth grade, 39.  
High school, 95.  
Total, 632.

Following the plan adopted by most of the best schools the school day has been lengthened throughout the school from fifteen minutes to forty-five minutes, depending on the age of the pupils. In the high school this will give pupils who take four solid subjects sufficient time to prepare their lessons in school. Those who take more than four subjects will be

## BAR ASSOCIATION DISCUSSES GOVERNMENT IN WAR TIMES

(By Associated Press.)  
SARATOGA SPRINGS, N. Y., Sept. 6.—The American Bar association at its session yesterday denounced the war methods of Germany as illegal, resolved to request the judges of state and federal courts to write shorter judicial opinions, authorized further investigation of a proposal to change the date of the presidential inauguration, opposed legislation designed to repeal the national bankruptcy law, and favored the "technical error" bill now before the United States senate, a measure empowering appellate courts to disregard in their decisions technical errors or defects which do not affect the substantial rights of the parties.

Action was deferred until tomorrow on a proposed new standard of rules for admission to the bar. The committee has prepared the report disapproving the suggestion that candidates be required to serve one year in a law office after being graduated from an approved law school. The suggested rules provide that the candidate at the time of his admission, shall be a citizen of the United States.

Charles E. Hughes of New York and Robert McNutt McElroy of New Jersey, spoke tonight. The subject of the latter was "The representative idea and war."

Mr. Hughes discussed federal laws and decisions thereon as they affect governmental action in war time.

"While we are at war," he said, "we are not in revolution. We are making war as a nation organized under the constitution, from which the established national authorities derive all their powers either in war or in peace. The constitution is as effective today as it ever was and the oath to support it is just as binding. But the framers of the constitution did not contrive an imposing spectacle of impotency. One of the objects of 'a more perfect union' was to provide for the common defence. A nation which could not fight would be powerless to secure the blessings of liberty to ourselves and to our posterity. Self preservation is the first law of national life

## WHITE CAPS GETTING CLOSE TO LEDGE

## THROUGH THE FAULT IN THE LIME BELT BRINGS IN HEAVY ORDERS

White Caps showed something like its old form this morning when it was learned that the night shift at a distance of 150 feet south of the station had broken through the fault in the lime belt and was expected to pick up the ledge in the next 30 feet which should be traversed within the next four or five days. Under this influence the stock went to 1.52 1/2 with sales and softened off to 1.47 1/2 on the afternoon call with more buying orders than offerings.

Somebody spread a report in the east that the White Caps mill was a failure but the effort to bear the stock failed as it was checked instantly by some of the eastern stockholders instantly posting a reward for \$5000 for the detection of the man or firm that circulated the falsehood.

using so much of their school time in recitation that they will find it necessary, as usual, to prepare some or all their lessons at home.

## AMUSEMENTS

## LILLIAN, GISH AT THE BUTLER

Wilfred Lucas and Lillian Gish are co-starred in "Souls Triumphant," a Triangle feature which will be shown at the Butler tonight. The play presents a contrast of character and of scene. This is the ingenious girl of fine ideals and the woman whose spirit is represented by a snake. The quiet scenes of home and country where the girl dominates are flashed in startling contrast to the revelry of underworld resorts.

One of the most prominent parts in the play is taken by a three year old baby athlete. He appears as the son of the young couple who are on the verge of separation because of the husband's reversion to the licentious pleasures of his bachelor days. The child performs many gymnastic stunts, such as hand springs, standing on his head and turning somersaults. The story deals with two sorts of women and a Man in a Drama of Power and Purpose. The latest release of Hearst-Pathe News will also be shown, Tomorrow, a seven-reel Fox program—Gladys Brockwell in "Honor and Obedience," and Hank Mann in "Domestic Hound," a two-reel Fox comedy.

## WORLD'S RECORDS IN SWIMMING

## RESULTS OF THE SALT WATER TOURNAMENT AT HONOLULU

(By Associated Press.)  
HONOLULU, Sept. 6.—Two new world's records and two American records were set yesterday. Kahanamoku made the 100 yard open race in 52 seconds, Harold Kruger made the 100 yard backstroke in 1:08 1-5, Norman Ross being second. Dorothy Burns of Los Angeles set American records in 50 and 100 yards, beating Frances Cowells and Claire Gilligan.

## BABY DIES ON ROAD FROM TYBO MINES

## SUFFERING INFANT EXPIRES ON THE WAY TO BE TREATED BY PHYSICIANS

Evelyn Helen Dupont, aged 19 months, died this afternoon on the 65 mile drive from Tybo to receive the attentions of a physician. Death was not expected but Kenneth Andrews, driver of the car, said he noticed the child had ceased to breathe at Salisbury Wash. Then he proceeded to drive for all the machine would stand and reached the office of Dr. Cunningham at 2:35 o'clock. The parents were too stunned to act so Andrews seized the dead child and ran upstairs to the doctor's office to find that he was too late. The boy was taken to the undertaker's and the funeral will be held Saturday afternoon.

The baby was born in Goldfield February 13, 1916, and was the youngest child of Mr. and Mrs. Ern-

## Wonderful Soda--

## That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want, all the old-timers, and the newest ones.
